

Ring Sizing Assistant

Make sure your printer is set to 100%. Do not reduce the print size in your printers 'page setup' area. You can verify the ring size printed correctly by measuring it with a ruler; it should measure 3 1/2 inches long from "A" to "B". You may also use a quarter and verify the size to the quarter printed below.

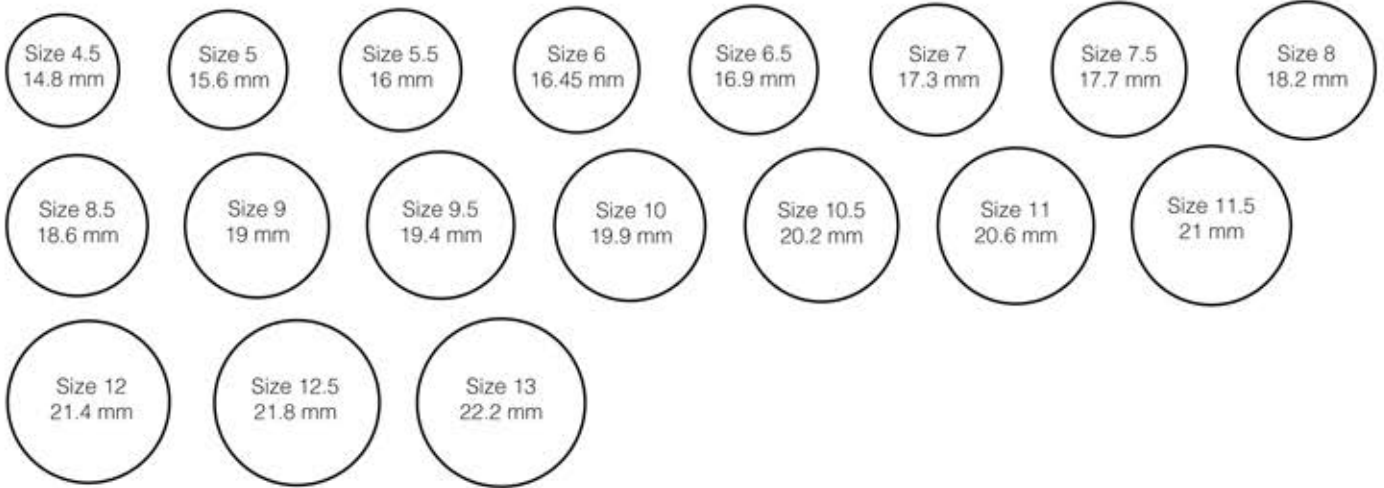

To open the print dialog box, press CTRL + P for pc or COMMAND + P for mac.

Use a quarter to make sure this page is printed at the correct size.

Method 1: Measure a ring that fits

1. Select a ring that fits the intended finger
2. Place the ring on top of the circles below until the inside edge of the ring matches the outside of the circle

Method 2: Measure Your Finger

1. Cut out the ring sizer shown below.
2. Cut a slit for slot "A".
3. Wrap the sizer around the intended finger. Make sure the numbers are facing out.
4. Pull the pointed end tab "B" through slot "A" until the sizer is snug. Make sure to allow size for your knuckle. If your knuckle is size in between the two.
5. The number aligned with slot "A" is your ring size.
6. IF the measurement lands between two numbers, your size is a half size.
